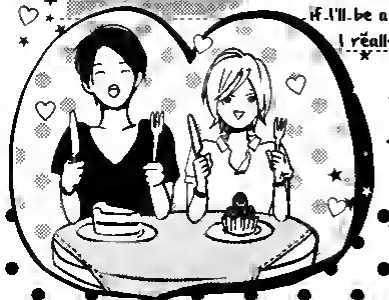
AFTERWORD

Hello. Thank you for reading Ame to Kiss!! This is my first serialized magazine and also, my first comic. There were so many firsts and I had so many precious experiences. I would love to thank everyone from the bottom of my heart, who was involved and worked hard to make this book. Well, my editor told me "You can write whatever you want for the afterword~" so I'm debating what I should write about. In this case, I thought I should talk about something I like, so about music... well, it might take too long so, how about gentlemen instead... ♡ I drew Broadclub cuttlefish here. Broadclub cuttlefish males change their body color; the side shown to females turns to a gentle color, like white while the side shown to males turns to an aggressive color, like black. They're gentle squids which really go easy on females. I guess they're kind of like Yagu. As you can see, I REALLY love gentlemen. My definition of them are broad but most of all, I think they're: 1. Kind, 2. Looks good in suits, and 3. Smart (capable workers). What's so great about these gentlemen? Well, their stoic attitude is erotic... If a player and a gentleman would say "sex," I definitely think that it's more erotic when a gentleman says it. "Fertilize" also works. So (?) I like making this kind of character say "sex." The more of a "gentleman" he is, the more I want to make him say it. Yagu also said it but he's a bit far from my ideal gentleman, so it's a little sad. I start thinking about how gross I sound while writing this but I will keep going. I like "the sema who seems like a beautiful uke to others except his uke." I don't mind a reversal. The beautiful gentleman who is targeted by a tachi but only belongs to the uke is the best. They're saying my moe is different from the others, so please excuse me. I think I'll keep drawing gentlemen from now on. I'm glad if I'll be able to get a chance to see you again through my comics. I really appreciate you reading even this far. ♡

The character from the manga that I'm in charge of in the anime. I'm so happy to see the beautiful and cool scenes of Fall deep in love and the cute scenes of Haru from the past.



In the extra episodes underneath the cover, they wasted food but they actually ate them after that. Please allow me to leave it like that <(_ _)>
